Ball Team Takes a Trip.

The Hondo base ball team left Monday for Kenedy to play a series of three games with that team.

After a long, rough journey, the boys arrived at Kenedy thirty minutes before time to begin playing and had no time to either rest up or "warm up", and it is expected that was the main reason the Hondo lads were walloped by a score of 2 to 0—the first time they have been shut-out in two years.

The Hondo team, strengthened with "Whiz"—a drink indigenous to "dry" localities, loped off with the second game by a score of 4 to 1.

On account of rain the third game was not played, and the local team came home Wednesday night.

Two of the Hondo boys, while not being great discoverers of North poles, rivers running up hill; etc., did manage to discover an oasis in a desert, when one of the Kenedy lads led them to "Whiz"—which "gee whiz"! is sure a fine drink!

Geo. Carle laments very much about the railroad being so rough. He says that the hoboes won't walk on the track, on account of the roughness, but prefer to walk alongside the fence in the mesquite and prickly pear. George says the train makes good time, however, as the conductor stopped off at Floresville and ate dinner, got in a buggy and caught the train at Falls City.

The boys are very enthusiastic over the hospitality shown them by the Kenedy people.

The Kenedy team is expected to play a return series here in about two weeks.

Letter From Judge Burney.

Kerrville, Texas, July 10, 1916.
To the Citizens and Voters of Medina County:

As you know, I am a candidate for re-election to the office of District Judge, subject to the action of the Democratic Primaries. I have now served you in this capacity for twelve years and many of you are familiar with my record and the way I handle the business of the court, but as some of you are not, permit me to call your attention to a few facts of interest to you as citizens and tax-payers.

During this time only one criminal case from Medina County has been reversed. In the entire district, during the time that I have been on the bench, there have been eighteen or twenty murder cases appealed from my court, and only two of them were reversed for another trial, and one of the two was reversed because of the insufficiency of the evidence, more than because of any error of the court.

In the entire district, since I have been your Judge, of all cases appealed, both civil and criminal, over seventy-five per cent have been affirmed; and, of course, numbers of cases have been tried before me which were not appealed. During the same period of time in the entire State about fifty per cent of all felony criminal cases appealed were reversed.

Every reversal, especially of criminal cases, is an additional burden on the court, jurors, witnesses and tax-payers, is a matter that deserves careful consideration by every voter.

Most of the time, since my opponent announced, I have been holding court, and am now holding court in Kerr County, and will continue to be so engaged until after the Primaries.

Not having the time to see or write you, on account of my official duties, I trust that you will give this the same consideration as if addressed to each of you individually.

I solicit your vote in the Primary and assure you that your support and influence will be greatly appreciated by me.

Respectfully yours,

R. H. BURNETT

G. Company is Thankful.

Resolutions thanking everybody and his brother in all San Antonio for all and whatever they did to help make Civilians' Training Camp such a great success, were passed by Company G., the crack shot company of the camp, before it mustered out Saturday.

The indictment of thanks contains sixteen counts and was drawn by a committee composed of Corporal E. C. de Montel, of Hondo, chairman, Sergeant H. B. Finch of Houston, Private W. W. Ferguson of Dallas, and High Private Henry D. Lindsay, who, incidentally, is mayor of Dallas. It closes as follows:

"Therefore be it resolved:

"That we come back to San Antonio at next year's camp, at d—"

"That we bring our friends with us, and

"That we now give fifteen, 'rahs' for San Antonio!" — San Antonio Light.

"Raring" to Fight!

Becoming intensely dissatisfied with our peaceful President's policy of "Watchful Waiting," four of our prominent young men, namely, R. A. Carter, Dr. Oscar Taylor, Rollie Schuehle and E. M. de Montel, decided to take the matter in their own hands, settle this Mexican situation forever and leave the front pages of the daily papers a blank.

With this firm determination and very heavily armed with the necessary equipment to cross a desert, they left at 3 o'clock Tuesday morning in a "Chinese Simplex" (Ford)—simply "raring" to get to the enemy.

This Hondo battalion arrived at the scene of "deadly conflict"—Eagle Pass—at 8:30 the same morning—and found lots of "dead soldiers"—"Pearls" and "Alamos"—with the latter predominating.

Some of the corps invaded Piedras Negras—across the river from Eagle Pass—in an automobile, accompanied by an old Hondo boy, Hon. W. P. Blocker, the United States Consul, and a company of U. S. Soldiers.

Everything was settled pacifically. The United States will still continue to help the railroads by rushing the troops right out to the border and rush them right back again. Villa is still eating tortillas and Carranza is dining sumptuously on biscuits and Hearst ranch beef.

The pacificists arrived home Tuesday night well satisfied with their journey and the outcome of their "jiltney" mission.

But, the main reason for the trip was that Roy Carter, the general manager of the Hondo Auto Sales Co., wanted to see a young brother of his who is stationed at Eagle Pass with the Kansas militia.

Merchants' Exposition.

The Hondo citizens are about to be treated to something new, novel and entertaining. The Merchants' Exposition, which will open August 1st and continue one week will comprise almost every line of business in the city—everything from a can of coffee to an automobile—will be on exhibition, and the progressive merchants of Hondo will entertain the housewives as they have never been entertained before. There will be prizes, free eating, samples and souvenirs. The show will be one of beauty and brilliancy. Complimentary tickets will be furnished the merchants to send throughout the county inviting the farmers and their families to attend, free of charge, and it is expected large crowds will avail themselves of the opportunity to attending this celebration, as the entertaining and educational feature will be worth coming miles to see.

The management will extend an invitation to the Mothers' Club to cooperate and assist in making this the most successful affair ever pulled off in this section.

The Exposition will be under the direction of Mr. W. J. Wile, who has managed similar affairs in Houston, Austin, San Antonio and other Texas cities for the past ten years, and feels satisfied the Hondo merchants will do their part when it comes to boosting Hondo abroad as well as at home.

THIRD TERM VIOLATION OF DEMOCRATIC PRINCIPLE

LOONEY'S VIEWS EXPRESSED IN
1908 BROUGHT TO LIGHT
BY OPPONENT.

Settlement of Katy Suit Criticized
By Woods.

The issue involved in the Attorney General's race is not so much a question as to whether Mr. Looney or myself shall be elected to office as it is the kind of government the people of Texas are entitled to. The question concerning the people is not so much who shall administer the law as how it shall be administered.

The office of Attorney General has during Mr. Looney's administration assumed abnormal power due to his political interpretation and sensational administration of law and unprecedented adjudication of cases in which he has employed legislative, administrative and judicial powers of government, never before exercised by any public official in any department of this State or any other commonwealth. Now Mr. Looney asks that the people, by their vote, make his acts their acts; that by their endorsement they take over the responsibilities for his official conduct.

Looney Asks for Third Term.

Mr. Looney has served two terms as Attorney General already, and he and his assistants and the employees of that department are now spending practically all their time trying to secure a third.

Two terms in that office has always been the rule in Texas, with one solitary exception. In 1908 there were three candidates for Attorney General—Mr. Looney was one of them. The Attorney General then in office was a candidate for a third term. Mr. Looney withdrew from the race, and, in a signed article of February 21, 1908, through the press over his own signature, withdrew in favor of another candidate, and vigorously opposed the then Attorney General for a third term, and in his signed article, in criticizing the Attorney General for attempting to secure a third term, among other things, said that his candidacy "was a violation of the unwritten law of the party with reference to the third term."

If the argument Mr. Looney made then against a man holding the Attorney General's office longer than two terms was sound, why is it not good argument now?

But Mr. Looney now says that there are important cases in his department that have not yet been disposed of, and that he should be re-elected on that account. There were un-disposed of cases in that department when Mr. Looney opposed the third term idea in 1908. There have been un-disposed of cases upon the retirement of every Attorney General Texas has ever had. There will be un-disposed of cases two years from now, and four years from now, no matter who is elected.

If the people of Texas were to endorse such an argument as that, then an Attorney General could perpetuate himself in office until he died. Texas has many able and distinguished lawyers who are as competent to fill that office as Mr. Looney, but as long as the incumbent could persuade the people that he should be retained until all cases were disposed of, then no other man need apply.

Now let us briefly examine some of Mr. Looney's settlements. Take the M. K. & T. compromise, or we had better call it dismissal, for that is what it amounted to. This case was one of Mr. Looney's most spectacular proceedings. The suit was for \$100,000,000. In the dismissal of this suit, the Attorney General agreed to saddle a debt of twenty-two million dollars upon the Texas property of the Katy. In effect he re-valued the property of the M. K. & T. and found it worth \$22,000,000 more than the Railroad Commission was willing to allow. Now the Constitution of Texas makes it the duty of the Railroad Commission to value property, and nowhere does it give authority to the Attorney General to appraise the property of the railroads, and it so happens that the Railroad Commission had previously refused to give the M. K. & T. credit for this item and in validating the amount the Attorney General overrules the repeated decisions of the Railroad Commission. The Railroad Commission has never approved Mr. Looney's settlement, although it is a matter in which their approval should have been secured, if indeed they should not have been given complete jurisdiction over at least that part of the suit relating to property values.

Now Mr. Looney boasts that this was one of the largest cases of its kind ever filed in any court, and I will go farther than that and agree that the M. K. & T. suit was the biggest legal farce in the world's history, and I challenge Mr. Looney to get the railroad commission of Texas to approve his settlement of this case.

Traveling Man's Experience.

In the summer of 1888 I had a very severe attack of cholera morbus. Two physicians worked over me from four a. m. to 6 p. m. without giving me any relief and then told me they did not expect me to live; that I had best telegraph for my family. Instead of doing so, I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and take no substitute. I took a double dose according to the directions and went to sleep after the second dose. At five o'clock the next morning I was called by my order and took a train for my next stopping point, a well man but feeling rather shaky from the severity of the attack," writes H. W. GEORGIA DRY LEADER HELD

ARRESTED FOR INTOXICATION, HE FAILS TO APPEAR IN COURT

REARREST ORDERED

Famous Legislator and Leader of Drastic Prohibitionists, Charged With Being Drunk and Disorderly In a Georgia Saloon, Will Have To Appear Before Recorder Johnson In Atlanta

According to a news dispatch sent out from Atlanta, Ga., J. B. Brown, a representative and one of the leaders of the drastic prohibition forces, has been arrested on a charge of intoxication.

A feature of this case is the fact that Representative Brown, along with other members of the Georgia legislature, are now in special session at Atlanta for the purpose of passing prohibitory measures that will really prohibit, after seven years of state-wide prohibition in Georgia.

Another feature of the news story is the fact that Brown is charged with entering a saloon in this "dry" state. The news dispatch follows:

J. D. Brown, Representative of Wheeler county in the legislature and one of the leaders in the fight for drastic prohibition, has been arrested on a charge that he became intoxicated and threatened to cut the heart out of C. P. Webb.

When Brown's case was called in Recorder's Court this afternoon it developed that he had given bond and disappeared.

Webb, who was attacked by Brown, is a near-beer saloonkeeper.

Must Answer Charges.

Brown is Representative in the legislature from Wheeler county," said Webb, "and he has been posing as a prohibitionist, having voted with the majority on their drastic prohibition bills. He came into a saloon while in a state of intoxication and intimated that he was just spoiling for a fight. He declared he could whip any man in Georgia and he actually threatened to cut my heart out. I would like to know why it is that legislators do not have to come to court."

Recorder Johnson ordered that Brown be rearrested and brought to court.

Their Long Kid Gloves.

Some ingenious women in Ireland have found a use for their discarded long white or colored kid gloves. These they turn into a lining for waistcoats for the men of army and navy, who find that the kid makes the waistcoat windproof. It takes a number of pairs to line one garment, therefore the demand is great, and a brisk collection goes on.

Plan a "Dead Beat" Gallery.

Proposed Amendment to the State Constitution Relating to Levying Tax for School Purposes.

H. J. R. No. 30.] HOUSE JOINT RESOLUTION.

Proposing an amendment to Section 3, Article 7 of the Constitution of the State of Texas, authorizing the levy and collection of an ad valorem county tax not to exceed fifty cents on the one hundred dollars valuation of property for the maintenance of the public schools of the county, and authorizing the levy and collection of an ad valorem district tax not to exceed one dollar on the one hundred dollars valuation of property for the maintenance of the public schools of the district.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. That Section 3 of Article 7 of the Constitution of the State of Texas be amended to hereafter read as follows:

SECTION 3. School Taxes.—One-fourth of the revenue derived from the State occupation taxes, and a poll tax of \$1.00 on every male inhabitant of this State between the ages of 21 and 60 years shall be set apart annually for the benefit of the public free schools, and in addition thereto there shall be levied and collected an annual ad valorem State tax of such an amount not to exceed 20 cents on the \$100.00 valuation, as with the available school fund arising from all other sources will be sufficient to maintain and support the public free schools of this State for a period of not less than six months in each year. The Legislature may authorize the levy and collection of an annual ad valorem county tax within the counties of this State not to exceed 50 cents on the \$100.00 valuation of property situated within the county; provided, a majority of the qualified property taxpaying voters of the county voting at an election to be held for that purpose shall vote such tax, for the purpose of maintaining the public free schools of the county, and the Legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts and for the management and control of the public school or schools of such district, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the Legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed, or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property taxpaying voters of the district, voting at an election to be held for that purpose, shall vote such tax not to exceed in any one year one dollar on the \$100.00 valuation of the property subject to taxation in such districts, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns, constituting separate and independent school districts.

SEC. 2. The Governor of this State is hereby instructed to issue the necessary proclamation for the submission of this amendment to the qualified voters of the State of Texas at the next general election to be held in November, 1916, at which election all voters favoring this amendment shall have written or printed on their ballots the words, "For the amendment to Section 3, Article 7, of the Constitution of the State of Texas, relating to the levy of ad valorem school taxes, not to exceed fifty cents on the \$100.00 valuation in the county and not to exceed one dollar on the \$100.00 valuation in the district, for the purpose of maintaining the public schools of the county or of the district." And those opposed to this amendment shall have written or printed on their ballots the words, "Against the amendment to Section 3, Article 7, of the Constitution of the State of Texas, relating to the levy of ad valorem school taxes, not to exceed fifty cents on the \$100.00 valuation in the county and not to exceed one dollar on the \$100.00 valuation in the district for the purpose of maintaining the public schools of the county or of the district."

SEC. 3. The sum of \$5,000.00, or as much thereof as may be necessary therefore, is hereby appropriated to pay the expenses of carrying out the provisions of this resolution.

[NOTE.—H. J. R. No. 30 was adopted by the House March 6, yeas 104, nays 12. Was adopted by the Senate, with amendments, March 19, yeas 25, nays 2. House concurred in Senate amendments, March 19, yeas 78, nays 19, present and not voting 1.]

Drives Out Malaria, Builds Up System. The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILLI TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring, if your nerves are excitable; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions.

It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Scott's is strengthening thousands of mothers—and will help you. No alcohol.

Good Eye-sight

is essential to health, comfort and appearance.

Have you ever noticed a strained look on your face? Usually this comes from eye-strain. More wrinkles are caused by eye-strain than by old age. Headaches caused by eye-strain cannot be cured by medicine, it depends upon optical skill of the optometrist who prescribes the glasses.

Having had 16 years experience in Medina County assures you of satisfaction.

Made My Life Worth Living

"I feel it my duty to tell others what Chamberlain's Tablets have done for me," writes Mrs. L. Dunlap, of Oak Grove, Mich. "I have suffered with pain in my back and under my shoulder blade for a number of years, also with a poor appetite and constipation. I tried all of the remedies that I heard of, and a number of doctors, but got no relief. Finally a friend told me to try Chamberlain's Stomach and Liver Tonic. I took a bottle a day and they soon helped my stomach; my bowels became more regular. Today I feel like praising them to all who suffer as I did, for they have cured me and made my life worth living."

What Would We Do Without Sugar?

SOUPER CANDY

are used to sugar
we are likely to for-
get to give it its proper
place. Right
if somebody asked
what sugar was good
you probably say—
to you in coffee and
for making cakes
and desserts. There's
all kinds of sugar
sweetener and over-
value as a food.
It's delicious.

Some may or may not be inter-
ested, but what is interesting is their
point that it has, as a by product,
a foot value with the power of being
by digestion largely added to the
function of the body.

If we eat sugar anyway? Your
answer might be "Because it is
and that's good." Of itself the
sugar would be correct, but the more
fact is that the body craves
because it needs it. And when the
crave something it gives us an ap-
petite. So personally that's why we
like sugar and things made with sugar
just because they are sweet.

Now the fact that sugar has gone
a tremendous of late time from

the market may not be interest-

ing, but what is interesting is their
point that it has, as a by product,
a foot value with the power of being
by digestion largely added to the
function of the body.

So we have to have our sweet food just

as we did before.

Weekly News Letter.

(Week ending July 1, 1916.)

Lamar County—The rain of the earlier part of the week practically insured the earlier crop. The rain of Sunday was followed by dry weather enabling the farmers to get a few days in the fields. Cotton, corn, gardens, melons, peanuts, sorghum—in fact, all crops are in splendid condition.

Central West Texas received a fine rain Monday night which will add many thousands of dollars to the value of the growing crops. Maize and other feed crops will mature from the moisture that is now in the ground and cotton will be greatly benefitted. In Abilene there was .99 of an inch of rain and I have secured reports showing rainfall in the following named towns and in their several communities, viz: Stamford, and Anson in Jones county and Sweetwater in Nolan county. There was no rain in Merkel or Trent in Taylor county, but in all of the other sections of the county the rainfall was abundant and satisfactory. The rain was very heavy and was accompanied by a rather severe electrical and wind storm, but no serious damage to crops or otherwise has been reported.

In a general way it is entirely safe to state that except in a very few localities the crop prospects in Taylor and nearby counties are very satisfactory and unless the boll weevil gets in its work, the farmers are certain to out ahead with fine crops. To date the weevil has not put in anything like a definite appearance in this section.

Jones, Haskell, Fisher, Taylor and Nolan—Corn is not good, being fifteen to twenty days late. Acreage normal. The west portion of Taylor and east side of Nolan is very dry and corn is suffering. Grain and sorghum about same as corn. Cotton conditions good; acreage 20 per cent reduction over 1915 caused by the freeze.

Upshur County—Feed crops of all kinds doing well. Weevils doing a lot of damage to cotton.

YOU GET STRONG. If you're a tired-out or "run-down" woman, with Dr. Pierce's Favorite Prescription. And, if you suffer from any "female complaint" or disorder, you get well. For these two things—to build up women's strength, and to cure women's ailments—

this is the best medicine to benefit or cure. The "Prescription" regulates and promotes all the natural functions, never conflicts with them, and is perfectly harmless in any condition of the female system. It brings refreshing sleep, and restores health and vigor.

Mrs. KATE WADE, Route 2, Box 2, Watahachie, Texas, says: "I was in very bad health, could not get relief. Through the advice of a friend I tried Doctor Pierce's Favorite Prescription and began to mend. Can say I am now sound and well, and will always praise your medicines. advise young mothers and women who are in bad health to use 'Favorite Prescription.' Dr. Pierce's Pellets cure biliousness."

Normal in Uvalde.

Talk about the place where overcoats aren't made, Uvalde's got it skinned seventy-five degrees in shade. Yes, and it's got torments, the Normal lasts eight weeks. Andoh, how hard to listen with the "sweat" running down in streaks. From seven-thirty to two o'clock, every day the same routine. And make you be so awful good, now don't you think that's mean? Physiology comes at one o'clock, they talk of pies and cakes. Then you think you're a "goner" for your stomach evaporates. Our brains measure but a pint but the faculty never seems to think. Just keep on cramming you with gallons overflowing the brink; And when it's time for those dreadful tests, i can't describe that mental strain. And then the answer comes back to us you'll have too try again. A normal is a terrible thing and especially when it's hot. It makes you long for Hondo and a much cooler spot.

Should Sloan's Liniment Go Along?

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment." Writes one vacationist: "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.

Look Good—Feel Good.

No one can either feel good nor look good while suffering from constipation. Get rid of that tired, draggy, lifeless feeling by a treatment of Dr. King's New Life Pills. Buy a box today, take one or two pills tonight. In the morning that stuffed, dull feeling is gone and you feel better at once. 25¢ at your druggist.

There can be no complete secret in life and character. Nature has provided that strong and true thought, and kind and beautiful feeling shall shine forth from the face, so that all who are wise enough to understand can see and know.

Mr. and Mrs. William Keller of LaCoste visited here Sunday.

The little son of Mr. and Mrs. Chas. J. Rihn was christened in St. Louis Church and was named Monroe Charles. Mrs. A. A. Christilles and Mr. Alfred Rihn were sponsors.

Mrs. Brower returned to her home in San Antonio, after a pleasant visit to her sister here, Miss Louisa Ihnken. Mr. and Mrs. Joe Steinle and children of Dunlay visited here Sunday.

Mr. and Mrs. Henry Jungmann and son, Merlin, of Macdona spent the 4th here.

Mr. Bohl and family of Devine spent Sunday here.

The Glorious Fourth was celebrated in the usual manner here. A game of Ball was played, Castroville vs. San Antonio, which resulted in a defeat of our home boys by a score of 6 to 4 in favor of the visitors. Some of our folks attended a barbecue given by the Medina Shooting Club and others attended one at the Noonan Ranch. Big crowds attended the Ball given at the Empire Opera House at night.

A nice rain, amounting to 1.14 inches fell here Wednesday morning.

A valuable buggy horse and mare and colt belonging to Mr. Albert Kempf, were all three struck by lightning and instantly killed Wednesday morning.

Our popular Representative J. F. Harris, accompanied by Sheriff Bader, was interviewing the voters here the middle of the week, and W. D. Love, aspirant for the District Judgeship of the 38th Judicial District, was here Saturday.

Miss Caroline Bohl died at Lacoste Saturday noon and was laid to rest at the St. Louis Cemetery here Sunday afternoon. We failed to secure definite particulars up to date. R. I. P.

Our boys went down to Lacoste Saturday afternoon to cross bats with the boys there and got defeated.

We are sorry to say Butcher Ed.

Hans is on the sick list. We join his many friends in wishing him a speedy recovery.

Those who attended the picnic at New Braunfels Sunday were: Mr. and Mrs. Otto Jungman, Mr. and Mrs. A. E. Salzman, Mrs. H. F. Wurzbach, Mrs. Alfred Steinle, Mr. and Mrs. A. L. Schnecht, Mrs. Helen Weimers, Misses Cornelia and Elvera Wurzbach, Alma Bippert, Helen Jungman, Cecil Steinle, Lillian Smith, Emma Weimers, Ella Mangold, Hulda Grossenbacher, Anna Steinle, Mary Ewert, dressers, Alfred Mangold, Alvin and Willis Wurzbach, Julius Ahr, Ed Mansfield, Leo, John, Robert and Alex Beizinger, Max Mulcahy, Ben Grossenbacher, Edwin and Walter Weimers. Castroville, July 10, 1916.

At a recent National Convention of Labor Unions held in California and presided over by President Gompers, it was disclosed that the annual production of farm, orchard and ranch products amounted to \$13,000,000,000, the producers receiving \$8,000,000,000 as their portion and the middleman reaping \$7,000,000,000 for his undeserved share. Realizing that the membership of labor unions constitutes the majority of consumers a resolution was offered and passed that the union join hands with the producers to the end that some relief might be obtained that would forever relieve them of the parasite who grows rich upon the difference paid by the consumer and the price the producer receives.

Why Endure Summer Colds?

It isn't necessary to have a stuffed head, running nose. To cough your head off as it were. All you need do is to use Dr. Bell's Pine-Tar-Honey. The soothing and healing balsams open the clogged air passages and in a short time you get relief and start on the road to recovery. Your nose stops running, you cough less and you know you are getting better. Get a bottle, use as directed. Keep what is left as a cough and cold insurance.

"There is no passion in us sooner moved, or more deceivable, than praise or applause, so far that reason there is none over which we ought to be more watchful; whether we give or receive it; for if we give it we must be sure to mean it, and measure it too." —William Penn.

Gave The Baby Rest.

Children just cannot keep covered at night and that is one way they take cold. Foley's Honey and Tar is a reliable family cough medicine that contains no opiates or harmful ingredients. Mrs. Wm. Leonard, Pottsville, Pa., writes: "My baby had a very bad cough. The first dose gave her relief." Sold everywhere and in Hondo by W. H. Windrow.

How easy it would be to pick a wife if we could duplicate women. I don't believe there is one of us who wouldn't put in a duplicate order, right on the jump.

Her Left Side Hurt.

Mrs. Laura Beall, Plattsburg, Miss., writes: "Last April I got in bad health; my left side hurt all the time. I had symptoms of Bright's disease. I took Foley Kidney Pills and feel all right now." They quickly relieve backache, rheumatism, aches and pains. Bladder troubles, too, are corrected by this remedy. Sold everywhere and in Hondo by W. H. Windrow.

An extravagant woman is like a little boy whose eyes are, as the saying goes, bigger than his stomach; she is always taking more than she needs.

ENGLISH CHURCH UPHOLDS LIQUOR

Urge, However, That Episcopalian Observe Moderation In Drinking

Among its principal news of warring Europe, the New York Times prints the ensuing article from London:

The movement for the adoption of practical prohibition during the war, which has gained many advocates since King George set the example of total abstinence, is likely to receive little support from the Established Church, as indicated by the action of the House of Laymen at the convocation of the Archbishop of Canterbury held in London today.

T. G. Hughes moved a resolution to the effect that the national interests required the cessation of the use of alcohol for other than medicinal purposes. He urged, in behalf of the resolution, that it would promote sobriety and thrift, which were greatly needed, and expressed regret that many of those to whom the nation should look for a lead in the matter remained silent.

Atholstan Riley, a prolific writer on religious topics, opposed the resolution. He said that drink reformers always spoiled their case by going too far. Alcohol itself, he contended, was not an evil. It was one of the "good creatures of God." It was excess in its use that constituted evil.

The resolution, in a much modified form, was adopted. It expressed merely the wish for strict moderation and self-control in the use of intoxicating liquors.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

CALOMEL DYNAMITES YOUR LIVER! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tone" Starts Your Liver

Better Than Calomel and You Don't

Lose a Day's Work

Liven up your sluggish Liver! For fine and cheerful make your work a pleasure; be vigorous and full of animation. But take no nasty, dangerous calomel because it makes you sick and you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

Listen to me! If you want to enjoy the neatest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tone entirely

tonight. Your druggist or dealer will give you a 50 cent bottle of Dodson's Liver Tone under my personal money-back guarantee that even spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not irritate. Give it to your children. Millions of people are using Dodson

Commissioners' Court.

The county commissioners' court was in session a couple of days the first of the week. Besides making the tax levy, which will be the same as last year (except in Precinct No. 2 where the bond tax was reduced from 11 cents to 8 cents), the time of the court was mainly devoted to bridge matters.

Quite a delegation of citizens from the lower end of the county appeared before the court and petitioned that two bridges be constructed across the Hondo, one at the McAnely crossing, and one at the Moore crossing.

Both these petitions were granted and a high, three-span bridge 240 feet in length, with concrete piers, will be constructed at the McAnely crossing at a cost of \$5,300; and a low water 66-foot span bridge with concrete piers will be erected at the Moore crossing at a cost of \$2,200.

Beside the bridges mentioned above there are now six other bridges constructed for some of which are now under construction, in this county, as follows:

Low water bridge across the Hondo creek four miles northeast of Hondo on New Fountain road, 230x18 feet. Cost, \$1,900.

Low water bridge across Live Oak Slough on Hondo-Yancey road, 60x16 feet. Cost, \$984.

High bridge over San Geronimo creek on Castrovile-Riomedina road, 140x18 feet. Cost, \$4,300.

Low water bridge across Medina river at Haby Settlement, 70x16 feet. Cost, \$1,990.

Low water bridge across Seco creek on D'Hanis-Sabinal road. Cost, \$1,339.

Concrete low water bridge across Elm creek on D'Hanis-Sabinal road. Cost, \$685.

Total cost of bridges under contract, \$19,024.

County warrants running for ten or more years and drawing 6 1/2 per interest will be issued in payment for these bridges.

Austin Bros. of Dallas have the contracts.

Another bridge on the Lacoste-Castroville road across the Medina, and several small ones on the Hondo-Tarpley road across the Hondo creek, are under consideration by the court.

Hondo's First Bale.

The first bale of cotton of the 1916 crop was brought in by Louis Mofield last Saturday, July 8th, and was ginned by the Hollaway gin about 12 o'clock, weighed 384 pounds, classed strict middling and was sold for thirteen cents per pound. Following the usual custom the J. W. Hollaway gin ginned the bale free, bought the seed for \$10 and paid Mr. Mofield a premium of \$10. The bale was bought by Schmitt & Steinhardt, who also gave as a premium one barrel of flour of the value of \$6.15, making the bale net Mr. Mofield approximately \$116.50.

The first bale came in this year about twenty days earlier than the first bale of the 1915 crop.

HARD TO PLEASE EVERYBODY

Constant Round of Gaiety Got on Nerves of Convict Who Wanted to Meditate Over His Sins.

We are now approaching our state penitentiary, where the honor system is in force. Those men in dark blue suits who are playing golf are convicts.

"Prison life isn't hard for them, I dare say."

"Oh, no. I also hear cheering and presume a baseball game is going on somewhere in the vicinity. Every evening there is a moving picture show to entertain the prisoners."

"I don't suppose any complaints are ever heard?"

"Not many. However, an honor man walked away only last week."

"Surprising!"

"He left a note to the warden, saying he had to go to a place where he could meditate over his sins, as the constant round of gaiety in prison was getting on his nerves."—Birmingham Age-Herald.

Inconsolable.

Clergyman—It is bad to lose a husband, madam, but I am sure that as he was such a good man he is happy where he is.

Widow—Oh, but I know he isn't happy.

Clergyman—Why?

Widow—Because he said he could never be happy without me.

A Valued Immunity.

"So you bought one of those auto-mobiles they tell so many funny stories about?"

"Yes," replied Mr. Chuggins. "And it is saving me a lot of trouble and wear and tear. When your friends tell you jokes about your car they don't expect you to ask them to ride around in it."

More Distinct Still.

"What I admire about that prima donna is that she enunciates every word distinctly."

You admire that in her singing, eh?"

"Yes."

"Umph! You ought to hear her enunciation when she gives her manager a piece of her mind."

At the Pool.

"Isn't that a beautiful picture? Psyche at nature's mirror a young girl gazing at her reflection in the pellicid pool."

"Bah! I don't care for that kind of stuff."

I suppose not. If you gazed into the water, you'd see an old crab."

HER LOSS.

He—Our marriage was certainly a failure.

She—And the worst of it is that there are not enough assets left to pay alimony.

First Steps.

"This society 'Raflles.' Now, how did he operate?"

"Well, first of all, he learned how to dance."

"Just so."

"Then he sought a first-class tailor.

After that it was easy."
